National Headquarters

Your new National Headquarters and Library will most likely not be open for the fall show. We will be a few weeks shy of completion and having an occupancy permit. It will take weeks for us to move in with our massive amount of materials. You certainly will get a sense of its grandeur from the outside which has seen a major renovation. As we get close to the event, and if things change so that we can have some tours we will do our best to accommodate you. Please do not ask staff for a sneak peak as we want to treat everyone fairly and not run afoul of our township ordinances.

Welcome to Hershey

Once again, the world's greatest car show of vehicles that have stayed true to their original manufacturing will be held in Hershey. While this year finds us in the middle of a pandemic, we are following the old adage of "the show must go on!" While we sadly are missing the flea market and car corral, we are excited to bring you a special car-related weekend.

This event would not be taking place without the extraordinary cooperation of the Hershey Region AACA and its President Russ Flick, along with the team at Hershey Entertainment and Resorts led by Jason White, Director of Safety and Security. This has been a total team effort with everyone giving 100% to host you in Hershey.

Bear in mind this brochure was developed in July and many things can change as we move forward. In fact, as of this writing a major event for Friday night may take place. We have been working on it for some time with a sponsor and pulling together the details as of this writing. You will not want to miss it!

We are all looking forward to being with you in October! Stay safe in the meantime!

AACA and COVID-19

At the bottom of this article you will have an actual link to our coronavirus policies for the fall car show. Naturally, by the time October rolls around things could change for the better and we will not have to take such extraordinary precautions. If we do or if we must increase them, we will. In the meantime, we have consulted with all entities we can to make sure we can enjoy our hobby while maintaining the health of all participants. In the end, we will rely on all of you to abide by the regulations and help us keep each other safe.

Friday, October 9 Seminar

Although the title has not been chosen, we will have a seminar at 1 p.m. on the show field with a collection of military vehicles to celebrate, in part, the end of World War II. We will have guest speakers and do our best to recognize those who have sacrificed so much for all of us during their service to this country. We expect this will be a special seminar! More will be posted on our website as the program is further developed.

Hershey Lodge

The Hershey Lodge has worked with us to offer a special rate for the fall car show. It is the first time in the last 20 years that we have been able to get a reduced rate to the facility and the lowest rate we have ever heard of at the Lodge! \$199 a night for AACA members. The Lodge has an extensive COVID plan and rooms are being sanitized regularly.

Judging and Judging School

There will be an outdoor judging school on Friday, October 9 at 2 p.m., followed by CJE classes.

There will not be a Judges' Breakfast this year. Judges must check in at 9 a.m. on the show field and meet their team captain by 9:30 a.m.

Judging teams will be 4-person instead of the traditional 5.

Owners must keep windows DOWN to make it easier and safer for judges.

Trailer & Motorhome Parking

Trailer & motorhome parking will be in the Giant Center parking lot.

Parking will open Friday, October 9 at 9 a.m.

All trailers & motorhomes must be removed by 11 p.m. on Saturday, October 10.

Motorhomes must be self-contained.

Awards

There will not be a formal awards banquet this year.

Awards will be given out on the show field, starting approximately at 3:30 p.m. While winners will be congratulated, the usual hand shaking and hugs will be dispensed.
